JAC–CEN–DEL COMMUNICATION

EVENTLINK FOR ATHLETICS ONLY

This is Jac-Cen-Del's source of communication for school **ATHLETIC** information only. Follow the steps below to sign up.

Go to www.eventlink.com and click on ***"Create Account"***

Next, click on "***Let's get started by selecting your schools"***

Enter ***"Jac-Cen-Del or 47037"*** and click on ***"Search"***

Click on the ***"+"*** next to Jac-Cen-Del Jr-Sr High School or Jac-Cen-Del Elementary School and ***"Save"***

Enter your information on the ***"Create Profile Page"*** and click ***"Add Contact"***

- Enter your name and choose notifications to be by email or phone. You can add your name again and choose the other option (email or phone) to be notified in both ways.
- After entering your own contact information, you may add as many family members to one account as you would like.
- After adding all family members, click on ***"Complete Sign Up"***

You will then select the calendars you want to subscribe to and see the updates.

SCHOOL MESSENGER FOR SCHOOL ANNOUNCEMENTS

This is Jac-Cen-Del's source of broadcasting all school information (NOT SPORTS) for closings, delays, bus information, emergency information, and school announcements.

Anyone who is currently enrolled in Harmony, is automatically going to receive e-mails and phone calls only.

If you currently have your cell phone number in Harmony, you will receive a one-time text message on **July 31st that will allow you to "opt-in" to receive text messages by simply replying to the message.** It is important to always keep your cell phone number updated in Harmony to make sure that we have the most current information.

To specify if you prefer to receive notifications by text, phone, e-mail, or all, you will need to download the app to your device. You can download the School Messenger app from the Apple App Store or from Google Play. Once you have downloaded this app you will have the ability to set your preferences. Please reference the website at www.jacencedel.k12.in.us (Parents → School Messenger) to step you through setting up your account once download.
