

# THE ACADEMY JAC-CEN-DEL

Providing learning opportunities in a non-traditional setting.

**1** FLEXIBLE EDUCATION SETTING FOR GRADES 9-12.

**2** WIDE RANGE OF CLASSES AVAILABLE

**3** SELF-PACED LEARNING

- We understand that not everyone learns best inside the walls of a traditional school setting, and that life sometimes prevents people from finishing high school in a traditional setting. We have created The Academy to meet the needs of people within our community and around the state by using a distance education model.

- Our Program Works Best For:
  1. Students who are not currently able to be successful in a traditional public school setting. Typically these students will have a medical or life situation that precludes them from being successful in the traditional school setting.
  2. Students who have stopped attending high school at some point, but wish to return and earn their high school diploma.
  3. Students who work full time and are unable to attend a traditional school, but could complete coursework independently on their own time.

- Application forms are available online. Please complete the form and submit. Once the application is received, the admission team will review the application and contact the student and/or parent to set up an intake meeting.
- NOTE: All applicants/parents will be contacted mid-July.
- Intake meetings will occur July 23-August 2. The student and a guardian must attend this meeting if they wish to be accepted into the program- NO EXCEPTIONS.
